1. On 2 June [REDACTED] called regarding the status of the ABM paper which [REDACTED] in DIA had prepared and that DIA had sent over to the Director. This is just for your information that Don mentioned that no deadline had been set for CIA comments, but he was just keeping posted on the paper in the event that Adm. Taylor should ask for it.

2. I gave [REDACTED] the information he needed that the paper was being coordinated throughout DD/S&T and that it probably would be in your hands for review about this time. I promised to let him know when it had been approved by you and was in the process of being forwarded upstairs to the DDCI.
